On the run from the government, Scout's decades-long disappearance is about to catch up with her

When Scout returns from her longest time-jump yet, she finds that nothing has gone to plan. Her friends have been captured by the authoritarian regime, Mason is nowhere to be found, and something strange is happening each time she skips.

Then, deep in the city, a citizen is discovered whose chip exactly matches the first ever time-skipper. Who is she? How did she learn to time-skip? And could she hold the key to travelling backwards in time?

Uncovering the truth could offer Scout a chance to shape a new future if she can let go of her past.

The electrifying conclusion to the LIFESPAN OF STARLIGHT trilogy
